

Maintenance Electrician

The Department of Water Environment Protection (WEP) provides critical wastewater services to Onondaga County's Consolidated Sewer District. We are successful in our mission to protect local waterways and public health because of our dedicated and diverse workforce. WEP is looking for communicative, critical thinkers to join our team as Maintenance Electricians.

WHY YOU?

WEP is continuously looking for motivated and dedicated employees to be a part of our cohesive and diverse team!

WHAT EXACTLY DOES A MAINTENANCE ELECTRICIAN DO?

The primary work involves responsibility for performing journey level electrician work including the planning and laying out of work and diagnosis of malfunctions in electrical systems or equipment. This is an important role at WEP, the ideal candidate's responsibilities will include, but are not limited to:

- Repairs, maintains and installs electrical systems and equipment, such as power distribution and auxiliary power distribution equipment, wiring switches, motors, controls, heating, ventilating and air conditioning equipment and fixtures and lighting equipment.
- Plans and lays out work consistent with applicable standards and codes.
- Directs the work of a small number of skilled, semi-skilled, and relatively unskilled workers in installation, maintenance, and repair of electrical equipment.
- Fulfills reporting requirements relating to work performed and material used.
- Recommends to supervisors changes designed to improve the efficiency and effectiveness of operations.
- May act for supervisor in his/her absence.

MINIMUM QUALIFICATIONS

Four (4) years of work experience, or its part-time equivalent, in installation, maintenance, and repair of electrical systems and equipment which must have included laying out of work and diagnosis of malfunctions. **NOTE:** *Graduation from a regionally accredited or New York State registered college or university, or its equivalent in technical or apprentice training, in electronic or electrical engineering technology or engineering or technical curriculum which related to electrical construction or maintenance, or repair of electronic equipment may substitute for a maximum of two (2) years of work experience.*

SPECIAL REQUIREMENT

Depending upon area of assignment, possession of a valid New York State CDL with appropriate endorsements for the class of vehicle being operated.
